Ans: Opportunity costs Page: 39
19. A(n) _____ charts the current and future components of the business in about thirty to forty pages.
Ans: business plan Page: 41
20. Sufficient _____ is required to sustain the company for a specific length of time, possibly a one- or two-year period.
Ans: capital Page: 42

Multiple Choice

21. More than _____ new web pages are being added daily to the Internet.
- 18 million
 - 500,000
 - 50 million
 - 7 million

Ans: D

Page: 24

22. _____ funds are a very small part of total growth capital.
- Technology
 - Trade
 - Venture capital
 - International

Ans: C

Page: 26

23. A product life cycle is continually:
- increasing
 - declining
 - increasing in a step ladder pattern
 - fluctuating

Ans: B

Page: 26

24. Incremental innovation means that:
- A start-up company grows slowly.
 - Improvements are made on existing products and services.
 - Innovation is only applied to the way that things are made.
 - It is the safest strategy for a start-up to follow.

Ans: B

Page: 29

25. Radical or disruptive innovation means that:
- Nothing from the past is retained.
 - It applies only to products.
 - It changes the rules of competition.
 - It is too risky for a start-up to follow.

Ans: C

Page: 29

26. Which of the following is not on the list of some important innovations by U.S. small firms in the last century:
- GPA
 - Airplane
 - Zipper
 - Heat sensor

Ans: A

Page: 31

27. All of the following are ways to build upon already existing material and still provide a profit-driven concept *except*:

- a. Market the product at a higher price.
- b. Add value to an existing product or service.
- c. Develop or redesign a new version of an existing product.
- d. Develop ideas as an extension or redesign an existing service.

Ans: A

Page: 36

28. There are more than _____ patents issued in the United States.

- a. 31 million
- b. 17 million
- c. 8 million
- d. 60 million

Ans: C

Page: 36

29. Only about _____ percent of existing patents have actually been commercialized.

- a. 20
- b. 10
- c. 2
- d. 32

Ans: B

Page: 36

30. Of the five phases of success, which one is where the opportunity would be seized:

- a. Phase 1
- b. Phase 2
- c. Phase 3
- d. Phase 4

Ans: A

Page: 37

31. Which of the following is not a technology factor:

- a. Industry standards
- b. Niche market applications
- c. Infrastructure replacement
- d. Technology generation

Ans: D

Page: 38

32. Which of the following is not an economic factor?

- a. Better service
- b. Productivity gains
- c. Market changes
- d. Government and privacy issues

Ans: C

Page: 38

33. Of the five phases of success, which one is Phase 2?
- Develop the Plan
 - Manage the Business
 - Determine the Resources Needed
 - Investigate the Need through Market Research

Ans: D

Page: 39

34. Of the five phases of success, Phase 3 is:
- Develop the Plan
 - Manage the Business
 - Determine the Resources Needed
 - Investigate the Need through Market Research

Ans: A

Page: 41

35. Which of the following area of research help answer the question: "Can the product/service be patented or copyrighted?"
- Sales
 - Proprietary
 - Niche/competition
 - Cost and manufacture

Ans: B

Page: 39

36. To eliminate receiving questionable data, all of these pitfalls must be avoided except:
- Train and monitor survey recorders.
 - Make certain that the answers are accurate by maintaining an objective method of questioning.
 - Ensure that all of the participants are asked the same questions.
 - Eliminate telephone interviews.

Ans: D

Page: 41

37. All of the following are cost-cutting recommendations except:
- Use search engines and web pages
 - Use social media methods to access potential customers
 - Test only one product at a time
 - Use the telephone instead of mail survey

Ans: C

Page: 41

38. _____ is(are) the backbone of the business.
- Employees
 - Business plan
 - Phases of Success
 - Data Base

Ans: B

Page: 42

39. Of the five phases of success, which one is Phase 4?

- a. Determine the Resources Needed
- b. Develop the Plan
- c. Investigate the Need through Market Research
- d. Seize the Opportunity

Ans: A

Page: 42

40. Of the five phases of success, which one is Phase 5?
- a. Seize the Opportunity
 - b. Develop the Plan
 - c. Investigate the Need through Market Research
 - d. Manage the Business

Ans: D

Page: 43

41. Which of the following criteria is least important when evaluating an opportunity?
- a. Size of the market
 - b. Competitors
 - c. Value provided to the targeted customers
 - d. Having the resources in place to execute on the plan

Ans: D

Page: 44-45

42. Which of the following criteria would most lead you to question the viability of an opportunity?
- a. Gross margin on sales after three years is 25%.
 - b. Total available domestic market is \$80MM.
 - c. The market is growing at 60% per annum.
 - d. You only have two customers willing to buy your product currently.

Ans: A

Page: 44-45

43. The evaluation screening for patent protection includes all of the following except:
- a. Is the fee for a patent search and application affordable?
 - b. Is the service, product, or idea unique to get a head start on the competition?
 - c. Is the field changing so slowly that the innovation will be valuable for at least fifteen years?
 - d. Has an attorney discussed the options and recommended that a patent be pursued?

Ans: C

Page: 45

44. _____ costs are the value of benefits lost when one decision or idea alternative is selected over another.
- a. Opportunity
 - b. Research
 - c. Development
 - d. Marginal

Ans A

Page 39

45. Which of the following factors does not help the entrepreneur create opportunity for the business?
- a. Technology
 - b. Social
 - c. Economic
 - d. Demographic

Ans: B
